

REPORT ON CYBER SECURITY AWARENESS WORKSHOP

Under “Sewa Me Yogdan” (Contribution to Service)

Organised by: Internal Quality Assurance Cell (IQAC), Mandia Anchalik College, Mandia **In collaboration with:** Mandia Outpost, Mandia **Date:** 10 October 2026 **Time:** 11:00 AM onwards **Venue:** RCC Hall No. 8, Mandia Anchalik College, Mandia, Barpeta, Assam

Introduction

The Internal Quality Assurance Cell (IQAC) of Mandia Anchalik College, Mandia, in collaboration with Mandia Outpost, Mandia, organised a **Cyber Security Awareness Workshop** on 10 October 2026 at 11:00 AM in RCC Hall No. 8 under the initiative “*Sewa Me Yogdan*” (*Contribution to Service*). The programme aimed to promote digital literacy, cyber safety, responsible online behaviour and awareness of cybercrime among students and members of the college community.

In the contemporary digital era, the increasing use of smartphones, social media, online banking and digital payment platforms has created new opportunities as well as serious security challenges. Recognising the importance of cyber awareness, the workshop sought to educate participants about common cyber threats, preventive measures and the importance of reporting cybercrime to the appropriate authorities.

Inauguration of the Programme

The programme was formally inaugurated by **Mr. Shahidul Islam, In-Charge Principal, Mandia Anchalik College**, who highlighted the importance of digital awareness and responsible use of technology in educational institutions. He emphasised that students must develop the knowledge and practical skills required to protect themselves from online fraud, misinformation, identity theft and other cyber threats.

The inaugural session marked the beginning of a meaningful collaborative effort between the college and the local police to promote cyber safety and responsible digital citizenship.

Proceedings and Key Addresses

Mrs. Maaina Das, In-Charge, Mandia Outpost, graced the occasion as the **Chief Guest**. Her presence highlighted the importance of cooperation between educational institutions and law-enforcement agencies in addressing emerging cyber threats.

The programme was anchored by **Mr. Habil Uddin Ahmed, Assistant Professor, Department of English, Mandia Anchalik College**, who conducted the proceedings in an organised and engaging manner.

Mr. Asif Nurjaman, Coordinator, IQAC, Mandia Anchalik College, delivered a valuable address on the significance of cyber security awareness in higher education. He highlighted the responsibility of educational institutions to equip students with digital knowledge, ethical awareness and the ability to identify potential online risks. He also stressed that cyber security is not merely a technical concern but an essential component of responsible citizenship in the digital age.

Ms. Rinkumoni Das, Assistant Professor, Mandia Anchalik College, shared her views on the importance of digital responsibility and safe online practices. She emphasised the need for students to exercise caution while sharing personal information, interacting on social media and accessing unfamiliar online platforms.

Mr. Nazrul Islam, Assistant Professor, Mandia Anchalik College, also delivered an informative address, highlighting the importance of awareness, alertness and responsible use of digital technology. He underscored the need to develop good online habits to minimise the risks associated with cybercrime.

In addition to these **Shahjahan Ali, Associate Professor of the Department of English, Dr. Mahfujatun Nessa, Assistant Professor of the Department of Arabic** were also attended the program.

The speakers collectively underlined the importance of cooperation among students, teachers, parents, educational institutions and law-enforcement agencies in creating a safer digital environment.

Major Themes of the Workshop

The workshop addressed several important aspects of cyber security, including:

1. **Cybercrime awareness:** Understanding common forms of cybercrime, including phishing, online financial fraud, identity theft and digital impersonation.
2. **Safe use of social media:** Protecting personal information, avoiding suspicious profiles and practising responsible online communication.
3. **Digital payment security:** Exercising caution while using UPI, internet banking, QR codes and other digital payment facilities.
4. **Password protection:** Creating strong passwords, avoiding password reuse and enabling two-factor authentication wherever available.
5. **Online privacy and data protection:** Understanding the importance of safeguarding personal photographs, contact details, financial information and other sensitive data.
6. **Cyberbullying and online harassment:** Promoting respectful digital behaviour and encouraging appropriate reporting of online abuse.
7. **Identification of fraudulent communications:** Recognising suspicious links, fake websites, misleading messages and fraudulent requests for OTPs, PINs and banking credentials.
8. **Reporting cybercrime:** Encouraging victims and witnesses to preserve relevant evidence and approach the appropriate authorities promptly.

Objectives and Educational Significance

The workshop sought to achieve the following objectives:

- To increase awareness of emerging cyber threats and online fraud.
- To promote safe, ethical and responsible use of digital technologies.
- To educate students about online privacy and personal data protection.
- To encourage vigilance while using social media and digital payment platforms.
- To strengthen collaboration between the college and the local police in community awareness initiatives.
- To foster a culture of cyber responsibility among students and the wider community.

The programme also contributed to the broader educational objectives of developing informed, responsible and digitally aware citizens.

Role of IQAC and Community Collaboration

The organisation of the workshop under the initiative "*Sewa Me Yogdan*" reflected the commitment of the IQAC, Mandia Anchalik College, to extending educational activities beyond the classroom and addressing contemporary social concerns.

The collaboration with Mandia Outpost demonstrated the value of institutional partnership in promoting public awareness and community welfare. By bringing together academic representatives and a law-enforcement representative, the programme provided an opportunity to connect educational knowledge with practical concerns relating to digital safety.

The initiative also reflected the role of higher education institutions in promoting social responsibility, community engagement and lifelong learning.

Outcome of the Programme

The workshop provided an important platform for raising awareness about cyber security and responsible digital practices. The addresses delivered by the Chief Guest, the In-Charge Principal, the IQAC Coordinator and the participating faculty members highlighted the importance of prevention, vigilance and cooperation in combating cybercrime.

The programme reinforced the message that cyber security is a shared responsibility and that informed digital behaviour can significantly reduce exposure to online risks. It also strengthened the spirit of cooperation between Mandia Anchalik College and Mandia Outpost in the interest of student welfare and community awareness.

Conclusion

The Cyber Security Awareness Workshop organised by the IQAC, Mandia Anchalik College, in collaboration with Mandia Outpost, Mandia, under "*Sewa Me Yogdan*" (*Contribution to Service*), was a meaningful initiative towards building a safer and more responsible digital community.

The participation of **Mrs. Maaina Das, In-Charge, Mandia Outpost, as Chief Guest**, and the inaugural address by **Mr. Shahidul Islam, In-Charge Principal**, together with the contributions of the faculty members, enriched the programme. The workshop reaffirmed the importance of cyber awareness as an essential life skill in the digital age. **Mr. Habil Uddin Ahmed, Assistant Professor of the Department of English**, extended his sincere gratitude to **Mrs. Maaina Das, I/C, Mandia Outpost**, for her valuable presence and insightful contribution to the Cyber Security Awareness Workshop. He also thanked the college authority, IQAC, police personnel, teachers, and students for their active participation and cooperation in making the programme successful. He urged the students to practise safe and responsible digital behaviour and remain vigilant against cybercrime.

He concluded by expressing his heartfelt thanks to everyone present and wishing them a safe digital future.

The initiative reflected the college's commitment to quality education, community service, digital responsibility and the holistic development of students.
